MY TIME OUR PLACE

'MY TIME, OUR PLACE' OUTCOMES!

In December 2009, all Australian Governments agreed to a new National Quality Framework for Early Childhood Education and Care. This means that all Australian children, regardless of their location will get the best possible start in life through high quality early childhood education and care and school age care services. Outside School Age Care services became included in the scope of this National Quality Framework from 1 January 2012.

Outside School Age Care service now operate under a new National Law and Regulations, and National Quality Standards. 'My Time, Our Place' - Framework for School Age Care in Australia is a key component of this National Quality Framework.

The vision of 'My Time, Our Place' is for all children to feel safe and have enjoyable experiences. It will guide educators to provide play and leisure-based experiences that are engaging and building foundations for life-long learning.

Through the five learning goals, educators will assist your child to develop:

1. A strong sense of their identity
2. Connections with their world
3. A strong sense of wellbeing
4. Confidence and involvement in their learning
5. Effective communication skills

While the Vacation Care activities and experiences have been intentionally planned to promote the learning goals of 'My Time, Our Place', the program is also designed to be flexible and allow your children to have fun!
